

**\*\*LANA VAYNER\*\***

**Web Designer | Data Analyst**

 **Ontario, Canada** |  Portfolio: <https://github.com/lanavayn> |

 Email: [lanazvorygin@gmail.com](mailto:lanazvorygin@gmail.com) |  Phone: (647) 542-8687

**###  SUMMARY**

Creative and detail-oriented Web Designer and aspiring Data Analyst with a strong background in business analysis and Java development. Proficient in Power BI, HTML/CSS, and responsive design. Dedicated to designing clean, accessible, and user-focused websites that meet real client needs. Experienced in both individual and collaborative project work.

**###  WEB DESIGN PROJECTS**

**\*\* *Lina Tax Friendly*\*\***

<https://lina-tax-friendly.netlify.app/>

Developed a responsive website for a financial advisor under the brand "Tax Friendly." Features include a detailed service overview, testimonial slider, anti-spam protected contact form, and professional branding with client imagery. Styled with CSS and JavaScript for a trustworthy appearance.

**\*\* *Sofia's Dog Sitting*\*\***

<https://sofia-dog-sitting-2025.netlify.app/>

Created a warm, client-friendly website for a local dog sitter specializing in small dogs. The site includes a playful photo gallery, embedded Google Maps, responsive mobile design, and a clean, inviting layout. A built-in feedback form using Netlify Forms allows pet owners to easily submit testimonials, which are manually curated and published to showcase client satisfaction.

## **Bible Verses & Interpretations** <https://lana-bible-2025.netlify.app/>

Built a bilingual (Russian & English) Bible education site with Ten Commandments, life purpose, and golden verses. Features include popup interpretations, responsive layout, language dropdown switch, and integrated Google Analytics for visitor insights. Developed with HTML & CSS and hosted on Netlify.

## **\*\* Personal Portfolio Page\*\***

<https://github.com/lanavayn>

One-page site introducing my web projects, background, and professional goals. Includes profile image, responsive layout, and project links.

## ### Data Analytics Skills

- **Power BI Desktop & Service**: Reports, dashboards, DAX, filters, slicers, cards, KPI, relationships. Built interactive dashboards for [Country Comparison](#) and [Financial Analysis](#)
